WELCOME

We are pleased that you have chosen to make your home with us. This Resident Handbook is designed to familiarize you with your community's policies. Please keep it handy and discuss these policies with all members of your household. The information provided in this handbook is also part of your legal obligations under your lease.

It is our desire to provide the highest quality living environment possible for our residents. You can help maintain your quality of life in the unit by reporting maintenance and other issues promptly. Together we can make your new home a great place to live!

FAIR HOUSING STATEMENT

Management is committed to compliance with all federal, state and local Fair Housing Laws. In the spirit of these laws, your community policies are designed to provide for consistent and fair treatment of all residents.

GOOD NEIGHBOR POLICY

All policies apply to residents, occupants and their guests. Please remember your neighbor's right to live peaceably and quietly and help us maintain an environment favorable to all residents.

COMMUNITY STANDARDS OF OCCUPANCY

All new residents in your apartment community meet the same non-discriminatory qualification standards based on income, employment, credit, criminal and rental history.

COMMUNITY POLICIES

Alcoholic Beverage Consumption. Drinking of alcoholic beverages in areas outside of your individual unit is not permitted. This includes balconies, stairwells, parking lots, playground areas, lawn, and patio areas.

Barbecue Grill Use. Fire laws and insurance requirements prohibit the use of BBQ grills in breezeways, on balconies, patios or within 10 feet of a building. Use of grills under an awning, canopy or other similar cover is also prohibited. The City of Temple can fine violators of this rule between \$250 and \$2,000. Never leave the grill unattended even for a moment or place hot or warm coals in the dumpsters. The grill may be stored on the patio, balcony or breezeway (out of the way of foot traffic). Lighter fluid and charcoal must be stored inside the unit when not in use.

Businesses. Conducting any kind of business (including child care services, loaning money, or hair cutting) in your apartment is prohibited - except that any lawful business conducted "at home" by computer, mail, or telephone is permissible if customers, clients, patients, or other business associates do not come to your apartment for business purposes.

Carpets. If you install a carpet or rug, you may not glue, tack or use carpet tape to install it. It will be your responsibility to remove the carpet or rug and clean and wax the floors when you move out. Any damages caused to the floor by the resident installed carpet/rug will be the resident's responsibility when repaired.

Complaints. Occasionally, residents have complaints. All complaints must be made in writing, and can be handwritten, typed, or emailed. Written complaints can be either delivered in person to the office or placed in the drop box. All complaints are considered confidential, and there should be no fear of retaliation by the complainant.

Fires Due to Negligence. If a fire occurs due to the negligence of you, a member of your household, or your guest, you will be charged the lesser of the deductible applicable to our insurance policy or the actual cost to repair the damage. We are not required to offer replacement housing if a fire occurs due to your negligence. If a fire occurs in your unit you will receive a lease violation and you will be required to attend the next scheduled fire safety presentation provided by the Consortium. Other actions, according to your lease terms, may occur such as immediate termination of the lease.

Holiday Decorations. You may decorate for any holiday but not more than 30 days prior to the holiday. All decorations must be removed not later than two weeks after the holiday. For safety purposes, please do not leave decorative lights burning when you are not home. Also, water live trees frequently to keep them from drying out and becoming a fire hazard.

Housekeeping Workshops. Public Housing and Section 8 residents are **required** to attend a housekeeping workshop. Housekeeping workshops are offered quarterly, and all residents are welcome. Failing to attend and complete the workshop is considered a lease violation. This requirement applies to move-ins and residents who have had pest control and housekeeping issues in their units. Information is provided to each resident during the lease up orientation. For details on the workshops, call Resident Services at 939-5321, ext. 25.

Inspections. Apartments will be inspected annually. Interim inspections will be conducted as needed after notice to resident is provided with the inspection date and approximate time. Units not meeting housing standards will be placed on weekly/monthly inspections as needed. Residents will be required to attend a Housekeeping Workshop if **any** inspection is failed. Any deficiencies found in the unit during the inspections will be repaired, and the resident may be responsible for the cost of those items. Please refer to your current Schedule of Charges for amounts. Residents that fail to maintain the unit at any time may be subject to termination of the lease.

Cleaning Instructions. To receive a satisfactory inspection rating and avoid cleaning charges, the apartment must be clean and free of trash and pest infestation. We recommend that you accompany management during the inspection. The following cleaning instructions should be followed prior to annual and move-out inspections:

If the pet defecates anywhere on our property, residents are responsible for immediately removing the waste and repairing any damage. Residents must comply with all local ordinances regarding pet defecation. If any conflicts exist between Consortium Pet Rules and the local ordinances, local ordinances will prevail.
 - Residents must inoculate and license the pet in accordance with state and local laws. Proof of inoculation must be provided to the Consortium annually.
 - The Consortium has the right to require the removal of any pet from an apartment if the pet's conduct or condition is determined to be a nuisance or threat to the health or safety of other occupants of the complex.

6. **ADDITIONAL RULES.** We have the right to make reasonable changes to the pet rules from time to time if we distribute a written copy of any changes to every resident.

- Allowing individuals not listed on the lease to use the apartment complex address for mailing purposes.

Quiet Time and Curfew. A 10:00 p.m. quiet time is to be observed by you, members of your household and guests. No loitering or gathering is allowed on porches, hallways, parking lots or outdoors in any other place on the complex after this time. In consideration of other residents, noise from radios, televisions, etc. must be kept to a minimum after 10:00 p.m. until 6:00 a.m.

Effective May 13, 2002, a curfew for minors similar to the City of Belton Curfew was implemented. The basic provision states children under 17 years of age must be inside their homes during the following times:

Sunday through Thursday

11:00 p.m. to 6:00 a.m. on the following day

Friday through Saturday

12:00 a.m. to 6:00 a.m.

Violations:

1. A minor commits a violation if he remains in any area on the premises except inside an apartment where the minor resides or is an authorized guest.
2. Parent or guardian of a minor commits a violation if he knowingly permits, or by insufficient control, allows the minor to remain outside the apartment on the premises during curfew hours.
3. A person who violates a provision of this curfew is guilty of a lease violation for each day a violation is committed, continued or permitted.

Acceptable policy exceptions are if the minor was:

1. Accompanied by the minor's parent or guardian;
2. In a motor vehicle involved in interstate or intrastate travel;
3. Going to or returning home from an employment activity;
4. Involved in an emergency;
5. Going to or returning home from an official school, religious or other recreational activity supervised by adults and sponsored by civic organizations or other similar entity that takes responsibility for the minor.

Enforcement. Before taking any enforcement action under this section, a police officer or owner's representative shall ask the apparent offender's age and reason for being on the grounds. An apparent offender shall be asked for identity, directed to leave the area where the offense is committed and be reported to management.

Penalties.

1. Depending on the circumstances relating to the offense, and taking into consideration whether or not the offense is repeated, the family of the offender may be evicted.
2. Minors in violation who are not occupants, commit an offense under the City Curfew Ordinance, and may be barred from the premises under the State Trespass Law.

Satellite Dish. Satellite dishes or antennas are **not** allowed anywhere on property.

Smoking (Public Housing). All Consortium apartments are smoke free. All household members and/or guests are not allowed to smoke inside the apartments, in interior common areas, or on balconies or patios. Residents are responsible for ensuring that all household members and guests comply with this rule.

Smoking is allowed outside the apartments as long as it is at least 25 feet from the building or up to the curb, whichever is shorter. Electronic cigarettes are allowed **ONLY** inside your unit. Cigarette butts must be properly extinguished and disposed of in a fire resistant receptacle and **NOT** thrown on the ground.

Definition of Smoking: "Smoking" means inhaling, exhaling, burning, or carrying any lighted cigarette, cigar, pipe, water pipe (hookah) or any **other** smoking device used for burning tobacco or any other plant.

Management does not guarantee the Resident's health or the smoke-free condition of the resident's unit and the common areas. However, management shall take reasonable steps to enforce the smoke free lease/handbook rules. Management does not warrant, promise, or in any way render buildings and premises designated as smoke-free any safer, more habitable, or improved in terms of air quality standards than any other rental premises or to be free from secondhand smoke.

Any violation of the smoke-free policy by any resident, household member, or their guest will be considered a lease violation. Evidence of a lease violation includes, but is not limited to, resident complaints, witness observation, and odor and/or evidence of smoking paraphernalia observed during unit visits and inspections. Three (3) lease violations will result in eviction.

Smoking (All Other Consortium Properties). All Consortium apartments are smoke free. All household members and/or guests are not allowed to smoke inside the apartments or in interior common areas. Residents are responsible for ensuring that all household members and guests comply with this rule.

Smoking is allowed outside the apartments in the following areas: patios, balconies, breezeways (but not directly outside another household's entrance door or apartment window) and outside the 20-foot area already posted for common area entrances. Electronic cigarettes are allowed **ONLY** inside your unit. Cigarette butts must be properly extinguished and disposed of in a fire resistant receptacle and **NOT** thrown on the ground.

Definition of Smoking: "Smoking" means inhaling, exhaling, burning, or carrying any lighted cigarette, cigar, pipe, water pipe (hookah) or any other smoking device used for burning tobacco or any other plant.

Management does not guarantee the Resident's health or the smoke-free condition of the resident's unit and the common areas. However, management shall take reasonable steps to enforce the smoke free lease/handbook rules. Management does not warrant, promise, or in any way render buildings and premises designated as smoke-free any safer, more habitable, or improved in terms of air quality standards than any other rental premises or to be free from secondhand smoke.

Any violation of the smoke-free policy by any resident, household member, or their guest will be considered a lease violation. Evidence of a lease violation includes, but is not limited to, resident complaints, witness observation, and odor and/or evidence of smoking paraphernalia observed during unit visits and inspections. Three (3) lease violations will result in eviction.

Solicitors. Management does not allow solicitation on the complex. If you see any solicitors on the complex or a solicitor comes to your door, please advise management as soon as possible. Management will contact the company whose employees have violated the policy to ensure future solicitation will not occur.

For your personal safety and protection, do not allow a solicitor to enter your apartment for any reason. Not every stranger who enters the property is a criminal, but criminals do take advantage of residents in apartment communities by pretending to be legitimately involved in sales, repair or service businesses.

Transfers. Transfers from one apartment to another or from one building to another will not be approved unless such transfer is necessary to meet unit reasonable accommodation needs or family composition changes. If a transfer is approved, the resident's account will be charged a transfer fee (not applicable to subsidized housing) in accordance with our current Schedule of Charges. Requests to move between member housing authorities will not be considered transfers.

If a resident without disabilities is residing in a handicapped-accessible unit, and an applicant or current resident with disabilities needs the handicapped-accessible unit, the resident will be asked to move to another unit at the Consortium's expense.

Utilities. Utilities paid by the owner will be provided based on the complex in which you reside in. You must not allow utilities to be disconnected – including disconnection for not paying your bills – until the Lease Contract term or renewal period ends. Residents **ARE NOT** allowed to use the "Pay as You Go" utility service because this service does not meet the requirement for maintaining utilities in accordance with your lease agreement. Utilities may be used only for normal household purposes and must not be wasted. Watering lawns or washing vehicles on the complex will not be permitted.

Some utility company phone numbers are listed below for your convenience. Others are available.

- Cable - Spectrum (1-855-243-8892)
- Electricity – TXU Electric (1-800-242-9113) or www.powertochoose.org
- Gas - Atmos Energy (1-800-460-3030)
- Telephone – AT&T (1-800-288-2020)
- Water/Sewage/Trash Services – City of Belton (254-933-5823)

Visitors. For anyone who will be visiting more than 3 days, the resident must submit a request in writing for approval of the extended visit. Along with the written request, the guest must provide a valid picture ID and sign an authorization to release information form. Resident must receive a written response from management before a visitor is allowed to stay.

Window Appearance. Miniblinds that have been installed in the apartment should be the only window coverings visible to the outside. Aluminum foil, bamboo shades, decorative film or other materials may not be placed over the windows. Window coverings such as drapes or curtains may be installed on the inside of the unit.

GENERAL INFORMATION

Air Conditioning/Heating System.

- Maintenance staff will change your filter quarterly at no charge. Do not operate the system without a filter. This will damage the system and cause expensive repairs.
- Arrange furniture and drapes so supply and return air registers are not blocked.
- Keeping doors, windows and blinds closed will help reduce cooling and heating costs.
- Avoid excessive use of kitchen exhaust fans.
- Do not allow individuals to use the outdoor unit for seating or a play stand. This can be dangerous and necessitate expensive repairs.
- Do not store or place items on the outdoor unit at any time.

Thermostat Operation. Air conditioning/heating units are installed with a thermostat, which includes a manual cooling/heat system switch and a manual/auto fan switch. Select the room temperature you desire by use of the thermostat temperature selector. Do not constantly adjust the thermostat. Set it and leave it. If the temperature selection procedure is new to you, ask management to familiarize you with thermostat operation.

For Cooling, position the system switch to “cool” and the fan switch to “auto”. If constant fan operation is desired, place the fan switch in the “on” position. If your unit is not providing sufficient cooling, determine if:

- Air filter is properly installed.
- Return air system is blocked.
- Supply registers are closed.
- Doors and windows are open.

If none of the above apply, submit a request for service.

When heating is desired, position the system switch to “heat” and place the fan switch in the “auto” position. If the unit is not providing adequate heating, follow the above problem solving instructions

Bed bugs. Bed bugs are wingless, flat, broadly oval-shaped insects, that feed on the blood of humans and warm-blooded animals. Bed bugs leave some people with itchy welts, similar to those left by fleas or mosquitoes, so bed bugs are hard to diagnose by bite alone. However, bed bugs do not transmit any diseases. These pests have become a huge nuisance in the last few years, and there are a few things to remember:

- Don't bring used furniture or other items from unknown sources into your dwelling. Many bed bug infestations are a direct result of bringing home second-hand or abandoned furniture.
- Inspect rental furniture, including mattresses and couches, for the presence of bed bugs before moving them into your dwelling.
- Address bed bug sightings immediately. If you suspect you ~~may~~ have bed bugs, report it to your Complex Manager and a work order will be done immediately to send Maintenance to investigate and confirm whether you have bed bugs or not. If bed bugs are confirmed, we will contact you to set up treatment.
- Don't try to treat bed bug infestations yourself. Most over-the-counter remedies do not work on these pests, and the Consortium will bring in a professional to eradicate the infestation. Make sure you comply with all instructions from your Complex Manager and Maintenance personnel to ensure the eradication process goes smoothly.
- Repeated infestations can result in termination of your lease.

Blinds. Children can accidentally strangle in window blind cords. Keep cords out of reach of children and off the floors. Do not place cribs near window blind cords. Devices are available at local stores to keep cords out of reach of children such as clamps, clothespins, or tie-downs. Blinds require a minimum of care. Clean blinds with a damp cloth and mild detergent. Residents are required to maintain blinds in good and working condition during tenancy. Damaged blinds will be replaced and costs will be the resident's responsibility.

Countertops. To protect the finish, do not place heated items directly on the counter. Always use a cutting board when chopping food.

Disturbances. If you have a noise or disturbance complaint concerning a neighbor, we recommend the following procedure:

1. First, speak to your neighbors yourself. They may not be aware that they are disturbing you.

2. Second, if the problem persists, contact management during normal business hours or the police after normal business hours. These calls to the police are considered low priority, but they will respond.

If a serious problem occurs during normal working hours, contact the manager at the office to assist you.

If a serious problem occurs after hours, on weekends or holidays, obtain police assistance and then inform management.

Energy Conservation Guide. The energy conservation recommendations are time-tested and do work. Residents are encouraged to read and follow these recommendations to reduce resident and Consortium utility costs.

Heating & Cooling System:

- Set the thermostat no lower than 78° during the summer operation
- Set the thermostat no higher than 72° during the winter operation.
- Operate ceiling fans (if applicable) or box fans while using cooling system and increase thermostat setting 2 to 4 degrees; operate in reverse during winter months to keep heat at floor level.
- Increase cooling setting 5 degrees higher than normal and lower heat setting to 65 when apartment is unoccupied for extended periods to time.
- Shut off cooling system and use fans with windows open during moderate months.
- Mechanical closets are not for storage.

Kitchen:

- Only open refrigerator/freezer when necessary.
- Do not overload the refrigerator/freezer.
- Do not block the air vents in the appliance.
- Use the mid-point setting for both the refrigerator and freezer.
- Turn the stove off as soon as cooking is finished.
- Do not use oven as a heating source.

Laundry:

- Wash full loads only.
- Do not overload the washer or dryer.
- Pre-soak heavily soiled items prior to washing.
- Use cold water as much as possible.
- Use short wash cycles to conserve energy.
- Separate dryer loads into heavy and light items.
- Dry back-to-back loads; dryer will already be hot and will not need additional energy to bring back up to temperature.
- Keep filters clear of lint.

Lighting:

- Use Compact Fluorescent lamps (CFL) instead of incandescent.
- Use lowest wattage bulb when possible.
- Use 3-way bulb so lighting can be controlled.
- Turn off lights when room not occupied.

Water Conservation:

- Do not leave water running.
- Look for leaks and report as soon as possible.
- Turn water off when brushing teeth/shaving.
- Fill sink when washing dishes instead of running water continuously.
- Take showers instead of baths-uses less water.

Exterior Lighting. Report any vandalized or non-working exterior lights to management so they can be repaired.

Faucet Care. Although the finish is extremely durable, harsh abrasives can damage it. To clean, wipe gently with a damp cloth and blot dry with a soft towel. **Warning: Dow Bathroom Cleaner with Scrubbing Bubbles and Lysol Foaming Basin Tub and Tile Cleaner must not be used on clear knob handles and levers.** Use of these cleaners can result in cracked or severely damaged handles. If over spray gets onto the handles, immediately wipe them dry with a soft cotton cloth.

Floor Tile Care. To help prevent damage to the floor tile:

- Furniture should be carried and not slid across tile.
- Mop weekly with a mild floor cleaner.

- Use a no-wax floor dressing to restore shine.
- Do not use steel wool, scouring pads, abrasive cleaners or petroleum solvents to remove dirt or stains.
- Immediately clean up spills with a damp sponge or mop. This will prevent dirt from being ground into the tile and stains from developing.

Garbage. All trash must be properly bagged and tied upon disposal. Do not empty trash cans with unbagged waste directly into the dumpster. Garbage should be disposed of regularly in the trash chute/dumpster. Garbage cannot be left outside your door or on your porch for any length of time.

Gardening (Plants/Flowers). Planting flowers or small shrubs/plants must be pre-approved by management. There is a limit on quantity and size in order to maintain the landscaping on the property. Management reserves the right to monitor décor and appearance of the complex.

Hanging Pictures. Use nail type hangers for hanging pictures. Sticker types leave adhesive on walls are difficult to remove and frequently damage walls when removed.

Laundry Facilities. Clotheslines are provided at some properties. When drying your clothes on these clotheslines, please remove them once they are dry, and do not leave them on the line overnight.

Light Bulbs. Working bulbs are in your unit at move-in. Replacement of bulbs is your responsibility. Maintenance can do this for a fee. If bulbs burn out frequently, contact management for a service request. Use Compact Fluorescent Light Bulbs (CFL). Recycle bulbs if possible. You can contact the local waste management agency, visit earth911.org or call 800-CLEAN-UP for a list of disposal options. If there is not a place to recycle the CFL bulbs, seal it in a plastic bag and put it in the trash.

Pest Control. Pest control is a joint responsibility. Do your part by keeping your apartment clean and promptly removing trash. Do not put food or scraps on the porch or in the yard (bread, leftovers, grease or pet food) since this attracts rodents and insects. Your apartment will be treated periodically and entry is required. A schedule is provided. Failure to cooperate is a serious violation of the lease and could result in termination of the lease and/or cost of treatment may be passed along to resident.

Plumbing Issues. We recommend you keep a plunger available in your apartment. To help prevent toilet overflow, use the plunger if you notice slow drainage. NOTE: A clogged toilet WILL NOT overflow if you flush it only once. If the toilet appears to be clogged and the water is higher than normal, use the plunger. *DO NOT flush it again.*

Any material other than domestic sewer waste is **prohibited** from entering the wastewater stream. Items that should **NOT** go down the drain include:

- Towels, gloves, wash cloths, moistened wipes, adult diapers, or similar items.
- Fats, oils, and greases
- Toilet deodorizers that contain wires.

These items get stuck and cause backup that leads to overflow. Residents **will be** charged to unclog sinks/drains/toilets for the above items (but not limited to) if maintenance removes prohibited items.

Reporting Natural Gas Leaks. A distinctive “rotten egg” odor has been added to natural gas to make it detectable. If you smell a gas odor inside your apartment, leave your apartment immediately and contact the office by calling 939-5321, during regular business hours or if you smell gas during any time the office is closed, call Emergency Maintenance at 770-8280.

If you are inside your apartment:

- Do not ring door bells or use telephones. Leave your apartment to call us.
- Do not light matches, lighters, or similar items.

Smoke Detectors. Smoke detectors are furnished with working batteries when you first occupy a unit. After that, you must replace batteries as needed for proper operation and to avoid a lease violation for an inoperable smoke detector. We recommend that you change the batteries at least annually. Maintenance staff will change the battery for you, but you will be charged in accordance with the current Schedule of Charges, which can be found on our website.

If you disable or damage the smoke detector, or fail to replace a dead battery, you can be liable to us and others for any loss, damage, or fines from fire, smoke, or water. Removing, or purposely disabling, the smoke detector will result in a lease violation and a \$75 fine.

Suspicious Activity. All residents have a responsibility to report any suspicious behavior or criminal activity immediately to the police at 298-5500. Never attempt to apprehend a person committing a crime or to investigate suspicious activity. Leave confrontations to the police. They are trained to handle unusual situations. Residents should report the incident to the property manager ASAP during business hours for follow-up action if necessary.

Temple Public Transit Service - The HOP. Hill Country Community Action Association, Inc. provides a public transit system which includes a Fixed Route Service (FRS) along with a Special Transit Service (STS) for people with physical or mental disabilities who cannot use the FRS. For more information or to find out how to register for this service, call 933-3700.

Work Orders. If you need to request routine maintenance services for your apartment, there are several ways this can be done. All maintenance staff have CTHC issued identification badges and wear uniforms with the CTHC logo so residents can easily determine their employee status. You can request to see these before allowing entry.

1. Call the office during regular business hours. The phone number is listed on the front of this booklet.
2. Submit your request via e-mail to your Complex Manager.
3. Submit your request in writing through the mail drop slot of the office door.

If you have an emergency maintenance need after business hours, call 770-8280. Emergencies are defined as situations that pose an immediate threat to life, health, safety or property.

CTHC utilizes a computerized system for work order management. This enables maintenance staff to receive new uploaded work orders electronically in the field and is designed to help reduce travel time and service delays. For example, if the maintenance staff is at Site A completing a work order and a second work order is uploaded for Site A, maintenance will complete the second Site A work. Then the maintenance staff will proceed to the next nearest work site and begin completing that site's work orders. In addition, if other work is requested by the resident or noticed by maintenance while maintenance is still in the unit, it will be completed when requested/noticed and added to the initial work order only if the newly requested work does not require an extended time to complete, special tools maintained at another site or parts that are not maintained on the truck of the maintenance staff. Except for the limited exceptions previously stated, residents must continue to call the office to request work order service.
